

## 2024 Subject Index

Abscess .....	194	Depression .....	292
Accelerated partial breast irradiation .....	215	Dietary pattern .....	262
Adjuvant .....	156	Diffusion-weighted MRI .....	241
Anxiety .....	207, 292	Ductal carcinoma in situ .....	241, 277
Arterial phase hyperenhancement .....	313	Early breast cancer .....	8, 136, 270
Artificial Intelligence .....	73	Estrogen receptor .....	241
Attitudes .....	129	FDG-PET-CT .....	117
AURKB .....	284	Flaxseed .....	303
Automated breast ultrasound .....	57	Granulomatous disease .....	228
Axillary lymph node dissection .....	149, 223	Granulomatous mastitis .....	25
Axillary staging .....	45	HER-2/neu .....	94
Axillary surgery .....	270	Hereditary angioedema .....	71
Benign .....	194	Histopathological findings .....	19
Big data .....	231	Idiopathic granulomatous mastitis .....	233
Bioactive wound dressings .....	309	Imaging phantom .....	64
Bioimpedance spectroscopy .....	141, 251	Impedance .....	141, 251
Bioinformatics .....	102, 178, 284	Intralesional steroid .....	233
Biomarkers .....	122, 185	Japanese .....	215
BMI .....	117	KCPS-II cohort .....	262
Body image .....	136, 223	Ki-67 .....	199
Breast .....	89, 110, 194	Knowledge .....	129
Breast biopsy .....	64	Korean women .....	262
Breast cancer .....	1, 31, 45, 52, 71, 73, 117, 122, 129, 136, 149, 156, 178, 185, 199, 207, 215, 223, 258, 262, 277, 292	L-Dex .....	141, 251
Breast cancer screening .....	57, 73, 129	Lactation .....	309
Breast carcinoma .....	136	Lipid .....	89
Breast conserving surgery .....	38, 52, 223, 270	Local recurrence .....	38
Breast disease .....	73	Local recurrences .....	215
Breast health promotion intervention .....	129	Localization techniques .....	52
Breast imaging .....	73	Locoregional therapy .....	149
Breast sarcoidosis .....	228	Low cost .....	64
Breast ultrasonography .....	57	Low ER-positive breast carcinoma .....	19
Breast ultrasound .....	228	Luminal A .....	284
Cancer .....	89, 167	Lupus mastitis .....	228
Cancer care .....	207	Lymph node metastasis .....	45
Catholic nuns .....	129	Lymphedema .....	141, 251
CDC25A .....	284	Magnetic resonance imaging .....	241
Centchroman .....	15	Mammogram .....	228
Clinically positive lymph nodes .....	81	Mammography .....	241, 258
Clinicopathological features .....	19	Mastalgia .....	15, 258, 303
Corticosteroids .....	233	Mastectomy .....	223, 277
CT angiogram .....	313	MDA-MB-231 .....	102
Curcumin .....	102	MDK .....	167
		Menarche .....	15

## 2024 Subject Index

Metastasis.....	136	Retrospective observational study.....	57
Midkine.....	167	Review.....	1
MiR-638-5p.....	102	RFID technique.....	52
Mobile health.....	207	Risk factors.....	15, 31, 223
Modified radical mastectomy.....	149	SAVI.....	215
MRI.....	25, 73	Screening.....	258
Necrotising fasciitis.....	309	Senology.....	73
Needle aspiration.....	194	Sentinel lymph node biopsy.....	94, 270
Negative pressure wound therapy.....	309	Sentinel lymph node dissection.....	223
Neoadjuvant.....	156	SF-12.....	303
Neoadjuvant chemotherapy.....	81, 94, 117, 149, 199, 277	SOD2.....	185
Neoadjuvant therapy.....	8	SOUND trial.....	270
Neuroendocrine carcinoma.....	110	Split thickness skin graft.....	309
Neuroendocrine neoplasia.....	110	STARD3.....	89
Neuroendocrine tumor.....	110	Steroid treatment.....	25
Nursing.....	207	Superoxide dismutase 2.....	185
Oncology.....	156	Surgery.....	31, 223
Oncotype Dx.....	1	Survival.....	19, 94
Pain measurement.....	303	Systemic lupus erythematosus.....	228
Paraoxonase.....	178	Tamoxifen.....	71
Pathologic complete response.....	277	Texture analysis.....	122
Pathological complete response.....	8, 81	Therapeutic target.....	167
PCR.....	117	Thrombin.....	313
PCR biomarkers.....	8	Tissue model.....	64
Positron emission tomography.....	45	TOP2A.....	284
Post-mastectomy radiotherapy.....	81	Total muscle-fat volume.....	117
Predictive models.....	122	Training.....	64
Primary.....	110	Triple negative breast cancer.....	94, 102, 185
Progesterone receptor.....	241	Triple-negative breast carcinoma.....	19
Pseudoaneurysm.....	313	Ultrasound.....	45, 73
Qualitative research.....	231	Ultrasound-guided.....	194
Qualitative study.....	231	Ultrasound-guided core needle biopsy.....	228, 313
Quality of life.....	223, 303	Upper arm lymphedema.....	149
Radiomics.....	122	Vascular mass.....	313
Radiotherapy.....	1	Women.....	223
Radiotherapy omission.....	38	Yin-yang sign.....	313
Recurrence.....	25, 31	Young women.....	292
Regional nodal irradiation.....	81
